- Please make sure to remain outside with your children in the morning until the staff is on duty to supervise at 7:55 am. Pets are not permitted on campus for safety reasons.
- Please make sure all **footwear has a secure back or strap**. No slides or backless shoes can be worn. On days your child has physical education class, sneakers must be worn.
- Please make sure to send a snack and water bottle in with your child daily.

Safe. Respectful. Responsible.

Parents of Students in PreSchool Program

New Jersey law requires that children aged 6 months to 59 months (or 4 years, 11 months) receive a minimum of one dose of the seasonal flu vaccine, between September 1 and December 31, each year in order to attend school.

Young children are among those at high risk for flu complications and are quite capable of transmitting influenza to their close contacts, including other children, adults, and elderly persons who may be at similarly high risk for complications from influenza infection.

If your child has already received this vaccine, please provide documentation to the School Nurse so their school health record can be updated. If not, please make an appointment **now** with your child's medical care provider so your child can receive this vaccine before December 31, 2023 and not be excluded from school.

As always, if you have any questions or concerns please feel free to reach out to any of the above Haviland team members.

Thank you and enjoy your weekend!

Mrs. Chisholm

Administrative Assistant, Pre-K - 6 Registrar
