Audubon School District Grades
Determined Under the
Anti-Bullying Bill of Rights Act (ABR) (P.L.2010, c.122)
Beginning with the September 2011-2012 school year, the Audubon School District has implemented the requirements found in the Anti-Bullying Bill of Rights Act.

The Audubon School District has made continued progress in addressing and improving harassment, intimidation and bullying (HIB) and the school climate and culture by:

- Implementing the mandatory training for all school personnel in the areas of HIB.

- Implementing a web-based program (myk12.org) for the purpose of reporting, collecting and documentation of all HIB related investigations. *This program has been be updated to HIBSTER for the 2022-2023 school year.*

- Adhering to the state designed timelines for reporting and investigating of all HIB related activities.

- Completion of required state reports for each school to determine district and school grades.

- Completion of required state reports to explain and detail district training and programs.
While completing the New Jersey state required self-assessment, we learned that our school district/school has demonstrated strengths in the following areas:

• The appointment of and training of school Anti-Bullying Specialists (ABS) at each building. All new school counselors participate in the New Jersey Principals and Supervisors Associations/Foundation for Educational Administration multi-day HIB training.

• The appointment and training of a district Anti-Bullying Coordinator (ABC).

• Training newly hired administrators in the NJPSA/FEA Anti-Bullying Specialist sessions within their first-year in the district and participation in on-going trainings as needed.

• Continuation of Student Recognition programs to promote a positive climate in all four schools.

• The review of our elementary programs based on the tenets of the National School of Character initiative and further refinement of (MAS) and creation of (HAS) PBiS programs.
The Self-Assessment helped our school district/school to identify areas for improvement in the following areas:

• The re-creation of a School Safety Team (SST) at some of our buildings to identify patterns of HIB and review school climate and school policies for the prevention of HIB related activities.

• Reinstating the required SST meetings and ABS/ABC meetings each year to assess the school and district initiatives at all schools in order to discuss crucial topics, issues, and laws that pertain to the ABR.

• Extending school personnel professional development beyond the mandatory training in the areas of HIB, tolerance, respect, and related topics. The Rowan Equity initiative will be helpful in guiding these training sessions in the 2022-2023 and beyond.

• Extending and integrating the staff trainings to include similar proactive lessons in the classrooms throughout the District’s schools.

• Creating avenues to better educate our parents and therefore further support our students and schools on the topics such as harassment, intimidation, bullying, character education, cyber-safety, and digital citizenship.
The Self-Assessment helped our school district/school to identify areas for improvement in the following areas:

• Refining our school-level incident reporting and corresponding procedures and the alignment of documentation of HIB related events, e.g. school-based investigation initiation and follow-up.

• Formalized review of HIB & discipline data to identify patterns of (strength and) support:
  • Differences between a HIB and Code of Conduct infraction,
  • Appropriate use of technology in school and at home (Digital Citizenship),
  • Instruction in character education throughout our schools, and
  • Peer mediation strategies.

• Ensuring HIB related activities (see above) are not only taught in the classroom, but documented in the curriculum to ensure students in K-12 are receiving consistent education on the topics of acceptance, tolerance, kindness to others, and respect.

• The possible inclusion of a Character Education/HIB component to the Genesis teacher lesson plans to document the many times the Audubon Public School District staff incorporates identified activities.
HIB Reporting Procedures
If you would like to report an incident, please contact the appropriate school personnel.
